

INSTRUCTIONS

1. All abstracts must be written in the English language and no longer than 300 words.
2. Original articles relating to the research of the practice of Sports Medicine or Sports Science are welcomed.
3. Submission should contain work that has not been previously published and/or presented locally.
4. There is no limit to the number of abstracts an author or group of authors may submit.
5. Abstracts will be considered for poster presentation only.
6. Registration is compulsory for the author presenting the article at the Conference. Accepted abstracts are only eligible for presentation after receiving full registration fees. Registration should be completed before 18 February 2023, 2359hrs. If the registration fees are not received by this date, it is assumed that the abstract is withdrawn.
7. The schedule of presentation will be made known to the presenting author closer to the conference date.

SUBMISSION GUIDELINES

- Tables, figures and graphs are not allowed in the abstract.
- The files should not be password protected. Additional coding should be removed.
- Please limit your abstract to 300 words or less.
- Check that there are no conversion errors in Word files, especially foreign characters and mathematical symbols.
- Define abbreviations at their first mention. Thereafter, abbreviations may be used freely. Standard abbreviations such as CXR, ECG, p-value < are allowed.
- Failure to comply with these requirements may exclude the abstract from consideration.
- The Organising and Scientific Committee reserves the right to edit any details of the abstract submitted as deemed appropriate.
- Full names and affiliated institutions of all authors need to be submitted with the abstract.

The abstract should comprise the following:

- Title
- Author names: First and last name(s). Full names are preferred.
- A structured abstract is preferred for empirical studies. For abstracts discussing methods, policy, ethics or social issues, an unstructured format is acceptable.
- The following headings should be used: Title, Background/Objectives, Methods, Results, Conclusions, Keywords. There should be no more than 5 keywords chosen.
