

# SingHealth ENT Head & Neck | Instructional Course Fortnight 2024

## Hypoglossal Nerve Stimulation Workshop

Tuesday – Wednesday | 10 – 11 September 2024

Academia, Singapore General Hospital | Singapore

### INTRODUCTION

The Hypoglossal Nerve Stimulation Implant Course boasts an exciting 2-day program helmed by expert local and international faculty. It will benefit sleep surgeons, physicians and technicians of varying experience who are keen to develop expertise in hypoglossal nerve stimulation implant.

The first day comprises a full day of comprehensive lectures on the various treatment modalities of obstructive sleep apnea, with emphasis on basic and advanced topics on hypoglossal nerve stimulation implant. There will also be a panel discussion by our expert local and international faculty on interesting and challenging hypoglossal nerve stimulation implant cases. This aims to equip participants with knowledge including pre-operative implant candidate selection, intra-operative anatomical variations, implant titration and troubleshooting, and more.

The second day is a full day hands-on cadaveric dissection whereby participants will be guided through the steps of hypoglossal nerve stimulation implant surgery. Participants also have the option of signing up as an observer for the cadaveric dissection.

#### Dissection course features

- 1 participant to 1 neck / thorax
- Demonstration and close supervision by expert local and international faculty

#### Course director:

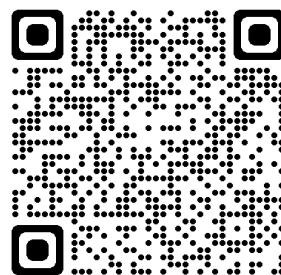

A/Prof Toh Song Tar
