Held in conjunction with WCA 2024

National Airway Programme of Singapore (NAPS)

2 March 2024 | Saturday
8am to 5pm | Academia
20 College Road, Singapore 169856

INTRODUCTION

After many years of holding separate airway workshops, the various restructured hospitals from various subspecialties had come together to hold our inaugural National Airway Programme of Singapore in 2018. In this way we had hoped to not only share our various experiences and expertise but to formulate and unify our teaching structure to convey a more comprehensive workshop. This will be the 6th iteration of this successful collaboration. The one day workshop will encapsulate the entire spectrum of hands-on experience from basic airway management to advanced airway management including simulation and surgical airway access on mannikins, animal models and human cadavers.

COURSE OBJECTIVES

To ensure hands on basic airway training to all, and familiarization of advanced airway techniques to the more experienced practitioners.

WHO SHOULD ATTEND

All medical practitioners interested in airway management with emphasis on advanced techniques that can be applied to registrants with various levels of training from various medical disciplines.

REGISTRATION FEE (9% GST INCLUSIVE)

- **Early bird fee (until 1 Jan 2024): SGD 1090**
- **Normal fee (from 2 Jan 2024 onwards): SGD 1308**

COURSE HIGHLIGHTS

- Human cadavers for advance airway techniques
- Animal models for front of neck access
- High fidelity simulation for airway crisis scenarios
- Fiberoptic simulators
- Lung isolation techniques
- Subspecialty airway stations: (A&E, Resp Med, ENT, Paeds, ICU)
