

Essentials in Trauma & Emergency General Surgery (ETEGS) Workshop

22 July 2023, Saturday | 9.30am to 5.00pm
Academia, Basement 1, Procedural Skills Lab 1A
20 College Road, Singapore 169856

INTRODUCTION

The “Essentials in Trauma and Emergency General Surgery” (ETEGS) course aims to provide participants with a platform to review and perform common techniques and surgical maneuvers encountered in the setting of common emergency GS and trauma scenarios. Coupled with the application of a well-established animal model (live porcine) and access to real-life practical operating theatre (OT) setup and equipment, this course will allow participants to perform the various surgical procedures in a realistic and supervised environment.

COURSE OBJECTIVES

1. Familiarisation with typical OT equipment used for the performance of common General Surgery procedures
2. Reinforce common surgical techniques and approaches need in emergency General Surgery
3. Reinforce surgical techniques for managing common emergency GS conditions
4. Introduction to advanced surgical techniques for exposures and maneuvers in Trauma

PROGRAMME OVERVIEW

Practical hands-on session using porcine specimens.

1. Safe laparoscopic entry and techniques for laparoscopic bowel resection, cholecystectomy, and perforated ulcer repair

FEEDBACK FROM PREVIOUS COURSE

"Enjoyed the opportunity to practice lap skills and the trauma laparotomy was exciting and learnt a lot."

"The hands on part with the faculty giving guidance along the way was extremely useful. The 3:1 ratio is just right and allows everybody to have some hands-on experience."

"Well organised. Very good opportunity for hands on real case trauma scenario. I would attend again."

"Highly recommend to others. Great hands on for laparoscopic work and faculty teaching."
