(includes eLearning to be done prior to course day)
20 College Road, Singapore 169856 (Located in SGH Campus)

INTRODUCTION

A 1-day intensive course that prepares participants to manage critically ill patients for the first 24 hours until transfer or appropriate critical care consultation can be arranged.

COURSE OUTLINE

FCCS is an internationally recognized course providing basic critical care information to the non-critical care specialist. FCCS was developed under the auspices of the Society of Critical Care Medicine, USA and locally administered by the Society of Intensive Care Medicine (Singapore) and SIMS. The 1-day course consists of online lectures, pre & post assessment tests plus interactive skills stations. Individuals who successfully complete the provider course will be certified by the Society of Critical Care Medicine, USA. FCCS Certificate valid for 4 years.

TARGET AUDIENCE

Designed to prepare health care providers caring for unstable, critically ill or injured patients. Likely participants include:

- Hospitalists caring for potentially unstable, critically ill or injured patients
- Advance Practice Nurses and Physician Assistants with limited responsibility for critically ill patients
- Critical Care Fellows beginning their training
- Emergency Medicine physicians
- Nurses caring for complex and potentially unstable patients

COURSE OBJECTIVES

- To prioritize assessment needs for the critically ill patients
- Identify appropriate diagnostic tests for the critically ill patient
- Identify and respond to significant changes in the unstable patient
- Be able to recognise and initiate management of acute life-threatening conditions
- Determine the need for expert consultation and / or patient transfer and prepare the practitioner for optimally accomplishing transfer
